## ABOUT ME

---

Ever since I wrote my first "Hello, World!" code, I've been amazed by the world of programming. My passion for Software development is fueled by a strong work ethic and an unwavering commitment to continuous learning. I find joy in connecting with different individuals, ensuring we share the same enthusiasm throughout the entire development journey. Transforming design concepts into functional websites is not just a task for me – it's a passion. I'm thrilled at the prospect of collaborating with creative minds, leveraging my skills, and creating software that can help people around the world have better lives.

## EXPERIENCE

---

**NoFaceBlanket - [www.nofaceblanket.store](http://www.nofaceblanket.store)**  
**Frontend Developer**

**Oct 2023 - Present**

Spearheaded the establishment and exponential growth of a flourishing e-commerce venture, beginning from ground zero without any initial capital. In my capacity as the Front-End Developer, I designed an aesthetically captivating website. Simultaneously, devised and executed a robust social media strategy that resulted in a significant social presence, attracting over 1,000,000 views. Which, in turn, led to a substantial customer base that played a pivotal role in propelling the business to a noteworthy milestone of \$10,000 in sales in less than 2 months.

## PROJECTS

---

- A visually appealing front-end design project replicating the Amazon website. Implemented a responsive layout, intuitive navigation, and interactive product showcases using HTML, CSS, and JavaScript.
- Developed a sleek front-end design mirroring the YouTube interface. using HTML, CSS, and JavaScript.
